

LAURA GARRETSON

Pension Consultant

Areas of Expertise

Defined Benefit

Pension Plans

Plan Administration

Actuarial Systems

Laura has been consulting for actuarial and employee benefits since 1998. She specializes in the use of our underlying software platform for defined benefit administration services. She has significant experience with transitioning defined benefit plans from one administration system to another and is knowledgeable in all operational and administrative aspects of defined benefit recordkeeping. Laura works directly with the prior record keeper to minimize the plan sponsor's involvement in the operational portion of the transition. She is responsible for managing all defined benefit outsourcing transitions for BPS&M.

Education

Georgia State University, Atlanta, GA — M.S., Actuarial Science
Furman University, Greenville, SC — B.S., Mathematics
