Michael has been working in the employee benefits industry since 1977, joining BPS&M in 2001 as a consulting actuary. Michael specializes in advising employers on funding, accounting, and plan design issues for qualified retirement plans and nonqualified retirement plans. His clients have included publicly traded companies, private companies, defense contractors, and government entities. Due to his varied work experiences and job responsibilities, Michael approaches each client's benefits issues with a wealth of benefits knowledge and expertise. Michael is a Fellow of the Society of Actuaries and an Enrolled Actuary.

Michael is the current leader of the BPS&M Government Plan Practice Group. His role is to keep members of the group informed of all activities in the governmental plan area. Michael is also responsible for the Funded Status Scorecards under the BPS&M's Asset/Liability Practice Group.

Education

Georgia State University, Atlanta, GA — B.B.A., Actuarial Science
