

## SCOTT BASCO

Actuarial Analyst

### Areas of Expertise

Actuarial Consulting - Funding  
and Financial

Pension Plans

Pension Plan Administration

Scott Basco is an Actuarial Analyst in Findley Davies' Actuarial Services Practice. He joined the firm in May of 2013 and has experience in working with Defined Benefit Plans and performing pension calculations. Prior to joining Findley Davies, he worked as a teaching assistant at The University of Akron.

Scott is responsible for calculating pension benefits for retiring participants, preparing valuation reports for companies which details both funding and accounting figures, and updating employee data as a preliminary step to the valuation. He also prepares the necessary government forms that companies are required to submit to the IRS.

Currently, Scott is pursuing actuarial examinations to become a member of the Society of Actuaries.

### Education

The University of Akron, Akron, Ohio — M.S., Applied Mathematics

The University of Akron, Akron, Ohio — B.S., Mechanical Engineering  
and Applied Mathematics

### What's Your Passion?

You can often find me playing board games or card games with my friends and family – I enjoy anything that requires strategy! While also a fan of Cleveland and local college sports, nothing gets me going like a good fantasy novel.
