Amy Gentile is a Senior Actuarial Consultant who joined the firm in 2002. In addition to Amy's client responsibilities, she is co-developer of the firm's proprietary software for benefit calculations and valuation reports. Recently, Amy has been charged with developing exhibits for various plan design possibilities across client consulting engagements. In addition, Amy helps prepare non-discrimination tests, provides deterministic and stochastic projections, assists with face-to-face meetings for participants presented with a change in plan design, and helped in the plan design of a new non-qualified arrangement for the CFO of a medical center.

Amy is a member of the American Academy of Actuaries and an Enrolled Actuary.
